Christian College of the Northwest

A Growing College in Step With a Growing City

We have seen our great city rise in a few years through careful planning from a village in a deep and lonely forest watched over by the great silent mountain, to the great metropolis of the Pacific Northwest.

Likewise have we witnessed the rise in a few years, as if by magic, of a small denominational Academy located on a barren hillside into a leading liberal arts College, on a beautiful tree-covered campus, ministering to the educational needs of young people of more than a score of denominations.
